

PRO-NET CONTACT DATABASE

Enabling students to network with alumni

Olin's Weston Career Center has implemented a new system to help students identify and network with alumni. We hope you will accept our invitation to join the **ProNet** Contact Database.

ProNet is part of a one-stop system students use for on-campus recruiting events, viewing job postings, and networking with alumni. The alumni section is not a *job seeker* database, but rather a way for students to identify alumni who are interested in providing informational interviews, industry and company insights and general career guidance. The system is easy to navigate and it takes only a few minutes to enroll. Alumni registrants manage the amount of information they wish to share with students and can contact the Weston Career Center at any time to "hide" their profile.

Expanding Olin's employer and alumni relations outreach is critical to our students' education and ongoing career placement success. By signing up for **ProNet**, you can become a valuable resource to Olin students by providing them with counsel, valuable market intelligence, and other contacts, when appropriate. We welcome volunteers from all degree levels, so whether you are an alum of our undergraduate or graduate program(s), we invite your participation!

For more information, please contact Mark Brostoff, Associate Dean & Director, Weston Career Center at brostoff@wustl.edu or Shari Kern, Associate Director for Operations, Weston Career Center at 314-935-5950 or kern@wustl.edu.

If you are interested in helping our students in this way, please visit

<https://mba-olin-csm.symplicity.com/mentors/>

to register and provide a brief profile.

You will receive a confirmation email after registering.
